- **CAR:** Challenge Action Result
- **CAR:** Challenge Action Result

**Frontend Developer Intern**, The Citywide Group – Vaughan, ON

May 2021 – Dec 2021

- Contributed to a pre-launch build of a cross-platform apartment and building management app built with Flutter, part of a platform now powering 1,300+ smart buildings and 150+ new projects annually
- Collaborated with a cross-functional Agile team of developers, UI/UX designers and business analysts to design and implement core tenant and admin workflows, aligning business and technical goals
- Built and ran unit and UI tests for cross-device features to ensure reliability and cut post-merge defects
- 
- Start each bullet with a strong, past-tense action verb
- Having trouble coming up with content for your bullet points? Read these: [link 1](#), [link 2](#), [link 3](#), [link 4](#)

## Projects

---

**Mobile Bookmarks App**

On Google Play

- Designed and launched an Android productivity app with 8K+ installs and 200+ monthly active users
- Integrated Android Custom Tabs to deliver a fast, secure in-app browsing experience

**Project Title**

project.com

- Only list real projects, not mandatory school projects or trivial tutorial projects found online
- Something that someone uses to solve a problem
- Something that has users (can be just you, as long as you use it often) and is actively maintained and not just rotting in a GitHub repo, never to see a PR for the rest of its life

## Education

---

**York University** – Major in Software Engineering

January 2022
